Working at Height Seminar

4th October 2018

The Kube, Leicester Racecourse

Following the publication of the 'Preventing Falls Whilst Working on Mobile Refrigeration' guidance – join BFFF and FSDf for an exclusive theoretical and practical seminar covering all the aspects of working at height.

Delegates will have a chance to explore the practical solutions that will all be demonstrated on the day.

“FALLS FROM A HEIGHT ACCOUNT FOR AN AVERAGE OF 40 FATAL INJURIES PER YEAR - 28% OF THE TOTAL”

<http://www.hse.gov.uk/statistics/causinj/kinds-of-accident.pdf>

This is an event ***not be missed*** as will benefit everybody operating in or responsible for health & safety of working at height on refrigeration systems.
