WHERE WE ARE

OUR HEAD OFFICE IS LOCATED IN ADELAIDE, SOUTH AUSTRALIA, WHERE THE COMPANY COMMENCED OPERATION OVER 30 YEARS AGO.

Our Australian processing facilities are located in Lobethal, Stawell and Tamworth.

In December 2022, our group will also welcome the addition of the new state-of-the-art Murray Bridge facility after a devastating fire halted all operations at the old site in January 2018.

A satellite map of Australia is shown in the background. Five locations are marked with colored dots and labeled in white text: Adelaide (yellow dot), Lobethal (blue dot), Murray Bridge (green dot), Stawell (green dot), and Tamworth (blue dot).

MURRAY BRIDGE REBUILD AFTER DEVASTATING JANUARY 2018 FIRE

In 2018 TFI experienced the devastating loss of its jewel in the crown, the Murray Bridge Processing Plant.

The largest multi-species processing plant in Australia was totally destroyed by fire. From day one we vowed to rebuild.

In June 2019 TFI announced the Murray Bridge rebuild – the ultimate vote of confidence for the future of the red meat processing industry.

The build is on schedule to be finished by December 2022, we expect to be operating by the beginning of 2023.
