

WORKPLACE TRANSPORT SAFETY DAY

Date: 21st October 2025

Venue: Mentor FLT Training, S40 2UB

Book a place on Mentor's Workplace Transport Safety Day in association with BFFF and gain invaluable insight into the risks forklift operators face day to day. You'll gain hands-on experience in the operator's seat, take part in enlightening group safety sessions and have your burning questions answered by experienced and qualified professionals.

During your Workplace Transport Safety Day, you'll have the opportunity to:

get in the driving seat

Find out what it takes to safely operate a forklift truck, under the guidance of a skilled instructor.

understand the dangers

Get first-hand experience of the potential risks facing operators on a daily basis and grow your understanding.

have your queries answered

Build your knowledge and discuss your company's specific operational risks with knowledgeable and experienced professionals.

Topics covered:

- Lisa's Story - Lisa Ramos & Dave Garton
- Latest Safety Updates
- Workplace Transport Risk Assessments - Allied Safety
- Use of Forklifts in Extreme Temperatures - Crown Lift Trucks
- MHE End User Case Study
- FLT Driving Experience

GAIN PERSONAL EXPERIENCE, BUILD UNDERSTANDING

Our Workplace Transport Safety Day is perfect for you if you:

book training, but lack hands-on experience

If you are responsible for arranging forklift training, seeing different truck types face-to-face is a great way to develop understanding.

are responsible for health & safety

Grow your understanding of good and bad practice, common hazards and what to look out for, day to day, on your site.

want us to take care of everything

The day will be held at our Chesterfield Training Centre and hosted by our team, complete with tailored activities, free lunch and enclosed parking.

Don't just take our word for it...

"Fantastic opportunity for the SHEQ team at Huws Gray to develop our practical skills under the skilled instruction of the team at Mentor.

If you want to be able to relate to the risks our colleagues face, what better place to do it than in their seat!"

Head of SHEQ, Huws Gray
